

## **UPI Mandate (single-block-and-single-debit) Payment Mode Enabled**

An additional payment mode, UPI Mandate (single-block-and-single-debit) has been enabled. The UPI Mandate facilitates temporary blocking of funds in the linked bank accounts of the investors while placing bids in the auctions of G-Secs/SGSs/T-bills. On the day of auction, the UPI mandate will get executed and funds will be debited from the investor's linked bank account.
